

Board Business or Staff Business?

An Agenda That Works

Greetings. Please read the American School Board Journal "Adviser" (handout)

1

Agenda

- What's wrong with board meetings?
- Governance – the work of boards
- What is board business? Staff business?
- What does a 'board' agenda look like?
- A strategy for the board to use in creating an agenda to do board work

2

Some Problems With Meeting Agendas

- [Not enough] Time
- [Misplaced] Priorities
- [Lack of] Relevance
- [Focus of] Staff
- [Interests of the] Public
- [Self-defeating] Board Members

3

Time

- Not enough board time
 - 1 mtg/month @ 3 hours/meeting = 36 hrs/yr
 - 3 mtgs a month @ 4 hours/mtg = 144 hrs/yr
- Compare with staff time
 - 40 hours/week x 50 weeks = 2,000 hrs

4

Priorities

- Whose priorities?
 - Staff or Board
- Misplaced board priorities
 - Doing things right vs. Doing the right things
- Unfocussed agenda
 - Do agendas reflect board priorities?

5

Relevance

- Urgent crowds out Important
 - "By the time we got to important items on the agenda, we were too tired to do the work that was needed." - Board member
- Trivial Pursuits
 - Dominated by routines and procedure and personal agenda items

6

Staff

- Whoever prepares agenda...
 - ...directs the directors
- Staff work – staff reports
 - Board's primary conversation is with staff
- Board work – reacting to staff
 - Who's setting priorities?
- Public input – focus on plans, programs, resources, activities
 - Staff Work

7

The Public

Expectations about boards:

- Politics and Politicians
- Meetings are for airing problems, and board members are problem solvers, but
 - problems take time
 - take staff time
- Every organization issue is a board issue
- Every board issue is worked at board meetings

8

Board Members

- Input to the agenda
 - Abdication to CEO
 - Personal 'agenda' items
- Ill-disciplined
 - Not easy to 'think as one'
 - Over-reliance on consensus
 - Under-reliance on Robert's Rules

The Appearance of Governance

What Governance Is

Owner Driven

16

Your Turn

From your perspective...

What is
"board business"?
and what is
"staff business"?

Let's Talk

Board Business

- Set direction for the organization
- Monitor organization performance
- Concerned with WHAT...
...is to be accomplished:

- Academic achievement
 - Character
 - Citizenship
- } END RESULTS

19

Staff Business

- Achieve results
- Follow policy
- Concerned with HOW...to get the organization where it must go:

- Curriculum/Instruction
 - Schedules
 - Bus routes
 - Facility constr/maint
- } MEANS

20

Board Business

- Identify desired results for students
- Set policy that guides staff work
- Monitor for results
- Monitor for compliance with policy
- Connect with the community
- Board development

21

Staff Business

- Means – Anything that isn't an End
- Means – 'freedom within limitations'
- Do Ends justify Means?
 - YES...Success = Desired Results
 - NO...Prohibit Unacceptable Means
 - Any reasonable interpretation of policy

22

Ends/Means Distinction

- Ends identify results for beneficiaries
[What good...for Whom...at What Cost or Priority]
 - "All Students will achieve level 3 on the state test"
 - "All Students will demonstrate successful job skills"
 - BOARDS prioritize (obsess on) ENDS
- Means are everything else
 - "organization budget will maintain 5% reserve"
 - "Instruction will not deviate from adopted curriculum"
 - "Transportation costs will not exceed state-funded amounts by more than 15%"
 - BOARDS only set boundaries on STAFF MEANS

23

Meeting Focus

- Who prepares the agenda?
- Staff? If the staff does it...
 - You can expect the agenda to address Staff business
- Board? If the board does it...
 - You should be able to expect the agenda to address Board business

24

Your Turn

If the board prepared
its own agenda...

What would
that agenda
look like?

Let's Talk

The Board's Own Agenda

Q: How can the board prepare its agenda?

- Part-time board, full-time staff
- State-mandated agenda items
- Everything on our agenda is important

A: Limit the board's scope

- Expand the board's vision (>1 yr)
- Follow an annual agenda

27

Annual Agenda

- An Agenda a Board can plan
- Plan Monitoring...
 - ...of both Ends and Means
 - ...against written criteria
- Plan Linkage with the community
- Plan Policy Review
 - Policies that guide staff
 - Policies that guide board

28

Annual Agenda

32

Your Turn

If we want board meetings to focus on “board business”...

How do we do that?

Let's Talk

Wanted

- Strategy for doing board business...
- ...by choosing systematically NOT to do staff business

35

Strategy for Board Meetings

That do the Board's Business

- Obligations
 1. Represent the Community (Owners)
 2. Account to the Owners
 3. Policy – for #1 and #2

36

Strategy for Board Meetings

That do the Board's Business

- Community of Owners – The real boss
 - Board 'stands in' for owners
 - Listens to the owners
- Accountability – Monitoring
 - "Organization does things the boss checks"
 - Monitor data as called for in policy
 - "Don't ask how things are going until you've said how things ought to be"
 - Evaluate data against criteria for success

37

Strategy for Board Meetings

That do the Board's Business

- Policy – Board's Means – Gives direction
 - Directs the CEO thru policy
 - Directs staff thru the CEO
 - Expectations for Results
 - Expectations for Policy Compliance
 - Board gives as much guidance as needed – and not one word more

38

Board-Controlled vs Staff-Controlled

- Agenda Items Prepared by the Staff
 - Approval to repair a roof
 - Accept bids on a school remodel
 - Budget review and approval
- Agenda Items Prepared by the Board
 - How are students performing?
 - What do 'owners' think of their schools?
 - Do programs need to change due to new information/trends? (e.g.: The World is Flat)

39

Board's Purpose

- The Board stands in for 'owners'
 - It's primary connection is with 'owners' (not staff)
-
- In meetings...
Board connects with 'owners' to learn their values and priorities

40

Governing Style

- The Board speaks with one voice
 - The Board directs only through policy
-
- In meetings...
Board acts by voting on policies –
Board majority 'speaks' via policy

41

Board Self-Assessment

- The Board evaluates whether it complies with its own governance process policies
-
- In meetings...
Board assesses its own performance at the end of each meeting

42

Board Job Description

- The job of the Board is to ensure the organization achieves what it should and avoids doing what is not acceptable

- In meetings...
Board does its job by connecting with its ownership, setting policy, and monitoring to ensure performance

43

Monitoring Performance

- The Board monitors organization performance: achievement of desired results, and compliance with policy limitations

- In meetings...
Board monitors organization performance and compares data against policy criteria

44

The Chair's Role

- Chair is responsible for ensuring the Board follows its own policies

- In meetings...
Chair ensures the Board follows its agenda

45

Agenda Planning

- Contents of Board's annual agenda:
 - Linkages – Listen to the owners
 - Monitoring – Judge organization performance
 - Policy Review – Entire set reviewed each year

- In meetings...
Parts of meetings – planned linkages, scheduled monitoring, and policy review

46

Annual Board Agenda

- Linkage/Monitoring/Policy PLUS
 - Board development

- In meetings...
Board schedules opportunities to inform its members and to improve its capacity to govern

47

Monitoring Documents

- Report of ends achievement...
- Report of means compliance...
...based on criteria written in policy

- In meetings...
Board judges achievement/compliance and prepares written responses that build an annual evaluation of the organization

48

Board Member Conduct

- Guided by its own policies for board conduct
-
- In meetings...
Chair is responsible for compliance, and is assessed at the end of each meeting

49

Supt Evaluation

- The Board monitors organization (Supt) performance data against written policy criteria
 - The only measurement of success:
 - Did the organization achieve desired Ends?
 - Did the organization comply with Executive Limitations?
-
- In meetings...
Valuable board-CEO performance discussion is extensive and lasts all year long

50

Board Meetings: Board Business

Old:

- Link with staff
- Receive staff reports
- Approve staff work
- Agenda prepared by staff, ad hoc items added by board

Q: "What's going on?"

New:

- Link with 'owners'
- Monitor performance
- Revise policies
- Agenda prep by board in annual plan and written in policy

Q: "What's important?"
or "How did we do?"

Strategic 51

Effective Meetings

- Time – More time for board business
- Priorities – On board's work
- Relevance – What boards can do
- Staff – Focus on responding
- Public – Is represented & consulted
- Board Members – Do what they are capable of doing

52

In Summary

- By taking control of the board agenda, you spend the board's meeting time on board business, and...
- ...you produce an agenda that WORKS
